

Cove-less
Cove Lighting

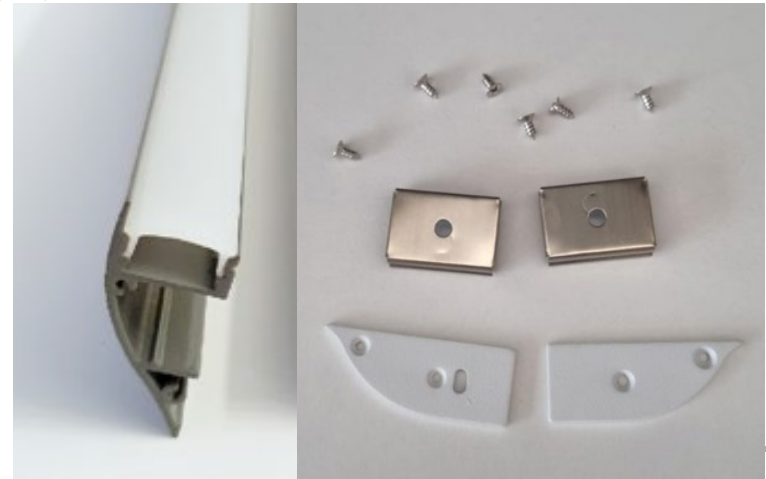

HAGA™ Series

HAGA Series Integrated Profile

Colours: Grey, White, Aluminium, and Black

Accessories for 1m profile: 2units of end caps, 2unit of metal bracket, 6units of screws

COVE EFFECT LIGHTING WITHOUT THE COVE

The LED strips within the profile can be fully-customised to requirements. The profile can be installed as a cove replacement as shown, or at floor level as corridor lighting. Smart devices (such as enabling Google assistant integration) may be installed within the profile. Every order is custom-fabricated to the customer's exact dimensions, so it is easy for IDs and installers to assemble on site based on requirements.
